This training would strengthen their capacity to handle related cases more effectively in the future. |
| 5      | We are eager to learn more about the forest and environment. so, my humble request to organize more conference or workshop or training programs to all law students and most importantly provide internship to young advocate or law college students which may help to the court works and proceedings towards punishing the accused. Sure, we will work together for protection of forest and wildlife. | 1     | Since the academy conducts induction, in-service and other stakeholder training programs, organizing training for all law college students falls beyond its scope.                                                                                                                                           |
