Enclosure (2 copies each): - Course Time-table - List of Faculties (Both In-house and Guest faculty) - List of Participants - The background material supplied to the participants		
8	(a) Had the same or similar course been conducted earlier under the sponsorship of the MOEF/Department of Personnel and Training (Government of India)?	No.
	(b) What changes, on the basis of the feedback received in the previous course were made in the current course?	NA

9	Evaluation Report received from current course participants in terms of: (*1.1, 2.1, shown below refer to question number in Part C or Part E of the Evaluation report.)	
9.1	Course Content and Structure (CCS)	The course content and structure were rated highly relevant by the participants, with a score of 94.57 . The course aim was also rated highly, with a score of 96.74 , indicating that the training objectives were substantially met and the content was well aligned with the expectations of the participants.
9.2	Training Faculty (TF)	The training faculty received an overall rating of 94.27 . The contents, presentation and quality of interaction during the sessions were positively assessed by the participants.
9.3	Usefulness of the course (UOC)	The course was rated highly useful by the participants, with an overall rating of 95.11 . The usefulness of the course for immediate application and future job responsibilities was rated 94.57 and 95.65 respectively.
9.4	Overall impression about the Course (OIC)	The overall impression about the course was rated at 92.39 , indicating a very positive overall assessment by the participants.
9.5	Participants' views about the strengths and weaknesses as well as other aspects pertaining to the course	The training received a positive appreciation from the participants. Suggestions made by them and comments by Course Director are attached as Appendix – I.
	(Please attach summary as Appendix-I)	
9.6	Logistics (including Workshop from home, Experience in online platform, Classroom online, connectivity, comfort in online and Time management etc.)	The logistics and facilities provided during the training programme were rated positively by the participants, with an overall rating of 95.43 . The accommodation, food, classroom facilities and field exercises were particularly well appreciated.
9.7	Weighted Average	The Weighted Average of the course was given a rating of 94.25 .
	(Please attach summary as Appendix II)	
10	General remarks of the Course Director on the nature and extent of participant's involvement in the course including attendance, punctuality, and interest evinced.	All 32 nominated officers attended the training programme, resulting in 100% participation. The participants maintained exemplary attendance and punctuality throughout the programme and actively engaged in both classroom and field-based activities.
11	Suggestion highlighting the areas of improvement in the Course for future by Course Director	Based on the feedback received, future programmes may provide greater duration for selected technical sessions and greater use of practical case studies and implementation-oriented examples. Greater emphasis may also be given to department-specific applications of Green Infrastructure, wherever feasible.

Course Director

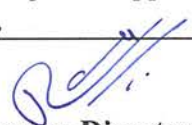

12	Comments of the Institution on how the feedback is proposed to be recycled into future programmes in terms of course content, methodology, etc.	The feedback will be considered while designing future programmes by appropriately incorporating practical case studies, department-specific applications and implementation-oriented sessions. Feedback on the duration and depth of technical sessions will also be considered while finalising the course schedule, subject to the approved course duration.

Course Director's comments on**Participants' views about the strengths and weakness pertaining to the course**

- (Note: 1. Participants' comments to Part C Question 5 which deemed appropriate to give Course Director's comment are shown in the table as Participants' views.
2. Comments of similar nature relating to the same aspects given by different participants may be clubbed together by the Course Director)

Sl. No	Participants' views	No. of participants who have expressed the view	Course Director's comments
1.	More Field based experience needed (Case Studies)	1	The suggestion is noted. Additional field-based case studies may be incorporated in future programmes, wherever feasible.
2.	Course duration can be extended for detailed overview of each topic	1	The suggestion is noted and may be considered while designing future programmes, subject to the approved duration.
3.	- Nice and Informative workshop - Very good - Very informative, excellent speakers, very interactive - All aspects are good - Excellent - Well, organized with good expert lecture	12	The positive feedback is acknowledged with thanks.
4.	Department wise planning would have much more impact	1	The suggestion is noted. Greater emphasis may be given to department-specific applications in future programmes.
5.	Content need explanation subject to data with implementation	1	The suggestion is noted. Future sessions may include more data-driven examples and implementation-oriented case studies.
6.	By attending this green infrastructure and development training program got exposed to especially on forest conservation and importance of forest habitants rather than green infrastructure. Being a civil engineer i also understood the importance of green development. However, the training duration is limited the topics covered the vital part of the objectives of the program.	1	The feedback is noted. The programme covered the major thematic areas of Green Infrastructure and its linkages with environmental conservation and sustainable development within the approved duration.
7.	Increase a greater number of training days and time duration of each subject taken by Resource person should be more	1	The suggestion is noted and may be considered in future programmes, subject to the approved duration.
8.	Need More Training Related to Green infrastructure management to all staffs of department on periodical basis	1	The suggestion is noted. Periodic training/exposure on Green Infrastructure management may be considered for relevant departments, subject to approval of competent authority.

Course Director

Weighted Average calculation

For calculation of numerical value of feedback, each factor is valued as percentage value to the top grade given to the factor. If no answer is provided, it is excluded from calculation. (cf; where number of grade is 4, percentage value be 100, 75, 50, 25). Average of numerical value of factors consisting of the element is a numerical value of the element.
